

5 O'CLOCK SPECIAL.

PRICE ONE CENT.

# WALL ST. STOCK REPORTS.

Advance in London Discount Creates a Bear Movement.

Mumors of Bad Crops Add to the General Tumble.

Another Big Demand for Sugar Certificates.

RE "old lady of Threadneedle street" sent a mild electric shock through the bulls here today.

Immediately after the opening of the market, the cable announced that the Bank of England discount rate of 4 per cent.

These rumors shook the confidence of the small fry, but by far the bulk of the selling was for the short account.

The engagement of \$3,000,000 additional gold for shipment to Europe was another bugle, yet withal, stocks only declined 1/4 to 1/2 per cent.

The foreign bankers say that the chief cause for the sudden rise in the Bank of England rate is the desire of the directors to prevent an outflow of gold from London to the Argentine Republic.

Silver continues to advance in price regardless of everything. Bars in London closed at \$1.51 1/4.

There is no doubt that the buoyant market for silver has been the cause of the advance in the price of gold.

There was quite a demand for Sugar Refiners' certificates, based on the fact that Messrs. Kistner, Dreyfus & Co. have expressed a willingness to co-operate in the reorganization of the Trust.

It is now thought that the expenses which will have to be borne by the certificate holders will be comparatively small.

It is said that the break in the London General Electric was due to sales by individuals composing a pool which was recently dissolved.

The following persons were today elected members of the New York Stock Exchange: J. G. Weil, of A. W. G. & Co., 30 Wall street; Bradford P. Dunn, son of W. H. Dunn, of Moore & Schrey; Russell Marquand, son of J. P. Marquand, of J. P. Morgan & Co.

The sales of United States bonds were \$1,000,000, of which \$1,000,000 were 4 per cent. bonds, and \$1,000,000 were 3 per cent. bonds.

## THE LAST DAYS OF KEMMLER.

All Things Ready for the First Electrocutation at Auburn.

Mrs. Durston's Womanly Sympathy With the Murderer.

(SPECIAL TO THE EVENING WORLD.)

AUBURN, N. Y., July 31.—The week preceding the electrocution of the murderer Kemmler is not marked by such excitement as characterized the few days before the 28th of April. Everything in and around the prison is ready for the execution, and a crowd of newspaper representatives is expected to be here.

So many sensational articles have been sent out in regard to this man, his conversion, his bearing under the awful strain, that it is hard to sift out anything tangible and harmonize the conflicting statements. No matter how many times Mrs. Durston has been pressed to explain her position and work in this affair, the reports have not been able to understand her bearing towards the prisoner. Kemmler came here, over a year ago, a man as nearly devoid of moral instincts and intellectual tastes as one can be and still be human.

There have been so many obstacles thrown in the path of justice, that the man might well think that justice, so called, would never overtake him, and therefore delay constantly to secure another, outside, or those in the prison, are apt to lose interest in his work.

But not for one instant has the Warden's office been interested in the man. She has all the while been working to the end that the last knot would all untie, and the man finally be brought to the electrical chair. Her work in this unfortunate affair cannot be overestimated if we look at the matter in its true light. She has been a woman bent on saving souls in the Church acceptance of the Bible, and her husband, simple hearted as the Warden of the Auburn prison, has been the man, or evinced any more interest in him than thousands of other women.

She has been a woman bent on saving souls in the Church acceptance of the Bible, and her husband, simple hearted as the Warden of the Auburn prison, has been the man, or evinced any more interest in him than thousands of other women.

## SLAIN BY THE AWFUL HEAT.

Two Deaths Reported in this City from Sunstroke To-Day.

Weather Bureau Promises a Cooler Atmosphere To-Morrow—in Other Cities.

(SPECIAL TO THE EVENING WORLD.)

TODAY'S continued awful heat is making a record in this city. Two deaths were reported by the police before noon, and many cases of prostration. Following is the roll: Tillie Stripp, forty-five years old, of 111 Spring street, fell dead at 9 o'clock this morning, at Broadway. The cause of death was heart failure, due to the heat. Her body was taken to the Mulberry street Police Station.

Catherine Wharton, 35, of 235 East One Hundred street, and thirty-five years old, was overcome by the heat at One Hundred and thirty-third street and Southern Boulevard this morning, and died before medical attendance could be obtained.

An unknown street-sweeper, sixty-five years old, dropped in front of No. 97 Greenwich street, overpowered at 4 A. M. He was taken to St. Vincent's Hospital.

John Strupp, aged 75, of 504 Spring street, was overcome by the heat at work at Second avenue, at 10:40 o'clock this morning, and died.

David O'Neil, thirty-one years, of 330 Hudson street, was found in an alleyway at 44 South street at 10 o'clock to-day, prostrated by the heat. Believed to have been a day laborer.

James McMahon, twenty-two years old, of 155 West 100th street, was overcome by the heat at work at Second avenue, at 10:40 o'clock this morning, and died.

Louis Bulenbogen, thirty-eight, of 625 East Fifth street, was overcome by the heat at work at Second avenue, at 10:40 o'clock this morning, and died.

Eighteenth street, was prostrated by the heat while at work at Second avenue, at 10:40 o'clock this morning, and died.

There is no prospect whatever of any north wind or any fall in temperature to-day, said Rep. Dunn, an Evening World reporter this morning. "And once more Mr. De Voe is wrong."

## BALGOWN.

Won the Saratoga Stakes in a Good Finish with Palestine.

(SPECIAL TO THE EVENING WORLD.)

SARATOGA RACE TRACK, July 31.—The weather was cloudy and very warm to-day, but a pleasant breeze made it comfortable at the track and there was a large attendance.

The track was in good order and the programme promised the sport, but an unusual number of scratched horses, no less than seven being taken out of the first race alone, destroyed much of the interest and made little betting.

Many people desired to see the Chicago Derby winner, Uncle Bob, go to the post but he was scratched out of both the races in which he was entered.

THE FIELD WAS VERY SMALL.

Rhono Got the Adirondack Stakes, Defeating Drizzle Two Lengths.

## LIGHT ON AT ONCE.

Danger to Limb and Life in the Darkness of East River Park.

Paths Full of Holes, and Unlighted Steep Stone Steps.

What Do You Say, Messrs. Commissioners, to the People's Demand?

So numerous are the complaints that have reached the office regarding the unlighted condition of East River Park that The Evening World is once more forced to take up the subject and request the authorities to pay attention to the wishes of the people.

The most serious of these complaints refer to a dangerous flight of long stone steps that run from the top of the hill down to the plaza fronting on the East River.

There is not a lamp or light of any kind in the park, and the faint beams which are sent out by a neighboring street lamp are completely shut off by the dense foliage which overhangs the stairs.

Every effort is being made by the unions to compel the Board of Education to adopt measures that will tend to the safety of the children.

Shrimshers are all over the city calling the workmen out on such school jobs as are partially or wholly manned by non-union men.

Three weeks ago Russell Harrison was at El Paso and crossed the Rio Grande to the city of the lottery and began to talk business.

The result was that he got \$1,000 in advance for the lottery, and he is now in the city of the lottery and began to talk business.
